REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

None of the references of record teach or suggest a semiconductor device having a silicon body with a lower-doped region formed above a higher-doped region, trenches extending through the lower-doped region, the trenches having a silicon plug at the top above a void in the trenches, and a structure for depleting the lower-doped region.

As for the method claims, none of the references of record teach the claimed silicon body wherein trenches are formed through the lower-doped region; forming an insulating layer on the trench sidewalls; removing the insulating layer from the top of the sidewalls of the trenches and selectively growing silicon at the top of the trenches, thereby plugging the top of the trenches.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to M. Wilczewski whose telephone number is (571) 272-1849. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Zandra Smith can be reached on 571-272-2429. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
